### EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Sean McGinn on 8/27/07.

The application has been amended as follows:

in line 8 of each of claims 5-8, insert the phrase "between a core and a clad" after the word "difference"; and

claims 19-22 are canceled.

#### *Allowable Subject Matter*

The following is an examiner's statement of reasons for allowance: In regards to claim 5, none of the reference of record alone or in combination disclose or suggest an optical recording apparatus comprising:

a semiconductor laser having a blue color wavelength and generating a light beam;

an optical fiber that transmits the light beam in a single mode;

a laser module which guides the light beam of the semiconductor laser to the optical fiber; and

an optical recording medium to which is applied an output beam from the optical fiber to form a latent image,

wherein a relative refractive index difference of the optical fiber is in a range of from 0.1% to 0.2 %, a core diameter of the optical fiber is 4.5 $\mu$ m or less and a diameter of a beam spot emitted from the optical fiber is 3 $\mu$ m or more, wherein a spot of the output beam applied to the optical recording medium has a single peak circular light intensity distribution.

Accordingly, claims 5-8, 11-18 and 23 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
